# Thera-Care™ Hand & Body Cream™

*TheraCare™ Super Gentle Hand & Body Cream* is a Rich, Creamy, Soothing, Non-Oily, Deeply Penetrating, Anti-Inflammatory, Concentrated, Bacteriostatic, Non-Irritating, Non-Comedogenic (doesn't clog pores), **exceptional Moisturizer** based on EmuMagic™ 100% Pure Premier™ American Emu Oil that is **Hormone Free, Steroid Free & Antibiotic Free** and tested by an American Oil Chemist Society member and AEA Certified as the highest quality available. TheraCare™ has high performance, Anti-Oxidant, Anti-Aging, & Healing Vitamins. **TheraCare™ is balanced at pH 7.**

**INGREDIENTS:** Deionized Water, 10% Emu Oil, 10% Aloe Vera Gel, Cetearyl Alcohol and Cetearyl Glucoside, Dimethicone, Glycerin, Allantoin, Polyacrylamide/C 13-14 Isoparaffin/Laureth 7, Panthenol, Sodium Hyaluronate, Fragrance, Lavender Oil, Peg 8 and Tocopherol and Ascorbyl Palmitate and Ascorbic Acid and Citric Acid, Methyl Paraben, Propyl Paraben, Diazolidinyl Urea, Tetrasodium EDTA, Triethanolamine

EmuMagic™ Premier™ Pure Emu Oil and its transdermal properties is a most essential ingredient in **TheraCare™**. Premier™ Pure Emu Oil is the highest quality recognized on the market according to established industry trade rules (**Certified Grade A**). Every batch is **American Emu Association Certified Fully Refined Grade A Emu Oil**. **Aloe Vera** is derived & stabilized from whole leaf Aloe Vera and is a natural, soothing agent which moisturizes and aids in skin healing. **Allantoin** is an extraordinary cell-proliferating, non-toxic, healing agent which stimulates healthy tissue formation. **Sodium Hyaluronate** is a naturally occurring polymer which moisturizes, holds cells together and lubricates joints. **Dimethicone** is a skin softening and smoothing emollient and serves as a protectant, a counter irritant and itch reducer. **Glycerin** is a moisturizer, a humectant and adds slip to the cream. The **Natural Vitamins A, Panthenol Pro B-5, C, D & E** are superior anti-oxidants that neutralize damaging molecules, slow chemical reactions that cause aging, and build collagen to hasten healing.

**What Our Customers Have To Say!**

**"I just wanted to let you know that your product is incredible!!** I started applying TheraCare hand and body cream on my 12 month old boy with eczema and **the results were immediate.** I had consulted with his pediatrician when he was 4 months old regarding his skin and they had prescribed 3 different topical medications. The results were disheartening to say the least: Two of them were steroid based and I could actually see the skin discoloring and deteriorating following application. The other was their "wonder drug" and they were confident that it would produce dramatically wonderful results. The opposite occurred: **WE** applied the ointment and within 15 minutes our 12 month old was ragingly uncomfortable—scratching his skin raw, skin raised and swollen and his overall disposition was uncomfortable, painful and angry. I put him in a cool bath and immediately removed the product from his skin. The following morning I remembered that I had purchased some emu lotion when I was up Northern Minnesota - I was desperate and tried some on his inflamed skin. **I saw immediate results! His skin "cooled down" within minutes...** Overall, **in 3 months my sweet 15 month old son's skin is in better shape than it ever has been in his life.** I am absolutely convinced it is because of your product. I apply TheraCare on his skin after every bath and he has no scaling, raised skin or any evidence of eczema. The only place he has it is a small spot on his hand where I simply don't apply the lotion due to the 15 month old fidgety factor. This is very significant to me-**Where the lotion does not go the eczema shows...**

**Please continue your service-my child's comfort depends on you!! A thousand thank you's !!!**
